# INTRODUCING POPULAR KOREAN SNACKS

## SAEUKKANG

A popular Korean snack made from shrimp and flour, these crispy chips have a savory seafood flavor.

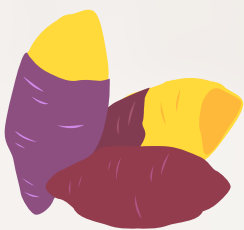

## Potato Stick

Thick, stick-shaped potato chips with a light and salty taste, often compared to French fries in texture.

## Kkobuk Chip

Turtle shell-shaped chips with a unique layered texture, known for their light, crispy crunch and various flavors like sweet corn.

## Goguma Kang

Sweet potato chips that are crunchy and slightly sweet, offering a blend of earthy sweetness and crispy texture.

# SEASONAL TOUR WITH TOUR TEAM

**Date: 12th October**

**Meeting spot: 11:30 a.m. at Seoul Forest Station Exit 1**

**Course: Climbing Gym – Ttukseom Han-river Park**

The tour will be held with members of the Seoul Mate Tour team. The main content is indoor climbing and picnics at Ttukseom Hangang Park. You can take basic training for sports climbing and then we'll enjoy free climbing. After that we'll move to Han-river park and have some nice foods and drinks together. It's such a perfect weather for having picnic!

Why don't you start autumn in Korea with our Seoul Mate Seasonal Tour? Please apply!
