Baseball

KBO, Korea's baseball league, is scheduled to open on March 23. In Seoul, there is Gocheok Sky Dome in Guro-gu and Jamsil Sports Complex. If you are interested, please reserve a ticket and visit.

Doctors strike

Currently, Korea is in a situation where the government and the medical association are fighting whether to increase the number of medical school students. Because many residents are on strike, you may not be able to receive treatment even if you go to a university hospital. Please go to your local hospital.

USEFUL APPS IN KOREA

KakaoTalk

KakaoTalk is a mobile messenger app used by the majority of Koreans. In Korea, this app is often used by administrative agencies and public institutions to send documents to the general public. Additionally, there are many apps that require a KakaoTalk account to use, so it's nice to have one.

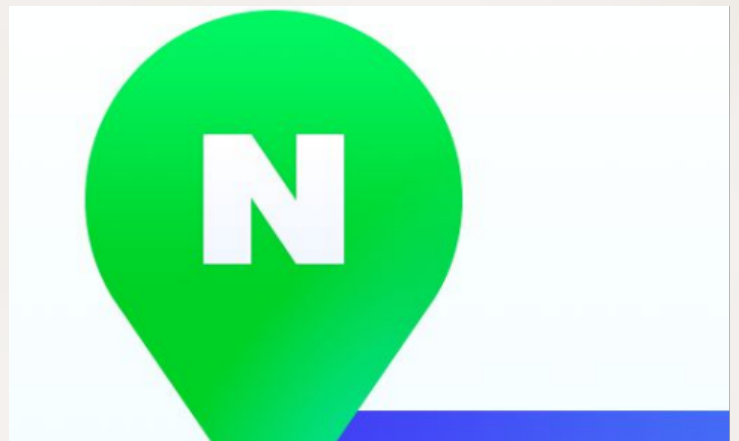

KakaoT

It's great to use when it's difficult to catch a taxi on the street. Like Uber or Bolt, you can call a taxi and a nearby driver will come. You must have the KakaoTalk account mentioned above to use it.

Naver map

Due to the Korean government's map censorship, this app is more useful in Korea than Google Maps. It also provides directions, real-time bus locations, and information for quick transfers when boarding the subway.

USEFUL APPS IN KOREA

A black rectangular box with the word "MUSINSA" in white, uppercase, sans-serif font centered inside.A pink rectangular box with the word "ZIGZAG" in white, uppercase, sans-serif font centered inside.

Musinsa, Zigzag

In Korea, people often buy clothes online. Musinsa is a representative fashion platform app that mainly sells men's clothing, but also has women's clothing. ZigZag is mostly a fashion platform for women's clothing.

Papago

Papago is a translator application. Due to the nature of the translator, the accuracy is not 100%, but when converting from English to Korean, it shows relatively higher accuracy than Google Translator.

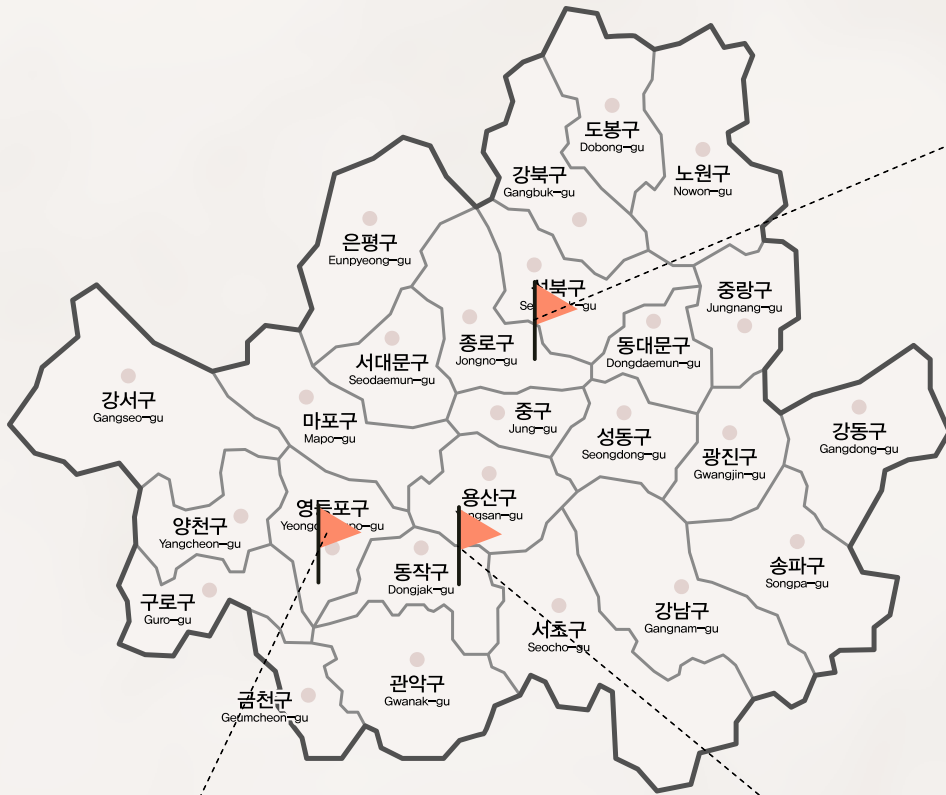

The Coupang logo features the word "coupang" in a lowercase, sans-serif font. Each letter is a different color: 'c' is brown, 'o' is orange, 'u' is yellow, 'p' is green, 'a' is light blue, and 'ng' is dark blue.

Coupang

Coupang is an e-commerce app. This app is popular for its service called Rocket Delivery. Rocket Delivery is a service that delivers orders within the next day if ordered before 12:00 AM. However, if you do not sign up for membership, you can use it for purchases of 19,800 won or more. It is useful when purchasing various daily necessities as they are often cheaper than offline.
